# Training

The Intertek Academy educational programs include on-demand online training, in-person on-site training, real-time virtual training, and hybrid training methods. Courses are designed to enhance your understanding of management system standards and supply chain compliance.

Our educational sessions are structured to ensure that those responsible for system implementation and auditing remain well-informed and prepared to drive their organizations toward continuous improvement.

# Training Type

Intertek Academy remains committed to supporting your business needs by providing two categories of training:

- **Public Training** offering a comprehensive range of training topics and schedules, and open to participants from diverse industries and organization.
- **In-House Training** that offers the convenience of having our experts deliver customized training exclusively for your organization.
